1987

NO ORDINARY YEAR

....because life was subject to change, 1987-No Ordinary Year-proved more true all the time as the year progressed.

Perhaps it was the subtle changes out of the face-lift clean-up that Campus received, but Campus students commented that it looked like the school year was starting out really well. A more positive attitude seemed to emerge, and the fearless leader of this change in attitude was the new principal, Dr. Allen, who came from Northwest to lead the "down-south" team at Campus.

From that big, flashy smile, of Dr. Allen, teachers tried to remain positive as the negotiations for contracts seemed destined to crumble for a second year in a row. But then finally, out-of-the ordinary, came a contract agreement in October.

Sports at Campus was no ordinary year. After a major uprooting and replacing and resigning of the coaching staff, Campus began the painful process of beginning it's Fall season in defeat. Varsity football saw one of it's worst seasons since the late 60's. The gymnastics program never did quite secure a coach (even after several attempts), and the girls Varsity and J.V. Volley ball could never seem to catch the fever that had led them to a winning season in '85. The Boys Swimming team held only a tentative status as it's season drew near to open, and to rival already existing sports a new soccer team and a girls softball club began their novice year.

Many of the changes that occurred were not monumental. Some were greatly appreciated and others were mildly irritating. Some of these changes included the removal of the vending machines (irritating), the addition of the "A la carte" items at lunch (yeah!), the locking of the west parking lot till noon (boo-hiss!), and the welcome back dance (allright) that seemed to indicate that administrators were willing to try to get kids involved with the "new attitude" at Campus from the very beginning.

A metamorphosis was occurring and Campus High survived. In fact she fared quite well. Subject to change, growing, learning and proving that 1987 would be NO ORDINARY YEAR!

Campus Spirit soared out-of-the ordinary at the pep rallies.

Duwayne Ramsey was Campus spirit personified!

Shelly Piasecki and Jeff Dotson "got into" the new attitude at Campus.

A Royal Look At Homecoming

The Homecoming Candidates enjoyed dinner at Lakeshore Supper Club.

The 1986 Homecoming brought a week full of spirit, competition and loads of fun! The traditional spirit week started with Maui Monday. It brought everyone to a chilly fever for summer. It was followed by Toga Tuesday, everyone draped in white bed-sheet togas and looking like Latin rejects. Wednesday brought on the wild, wild west, sending the students in an outrage of terror, from the tip of their hats to the sole of their boots! Thriller Thursday brought out the scary masks and the silly costumes from apes to ghoulies, some of them on the teacher's staff! Friday finished it off with Field Goal Friday. Everyone showed their spirit well by wearing the gold, black, and white.

During the school day Friday judging was done on the decorated buildings made

up by the different classes. Freshmen came in 1st, Seniors 2nd, Juniors 3rd, and Sophomores came in last. This really got the students hot for spirit! During the week there were different field competitions between the classes. Seniors took the lead. The students kept their hyper spirits throughout the weeknights, by dragging Grand Avenue and egging, throwing water balloons, and unfortunately getting pulled over by the friendly Haysville police officials.

The excitement soon continued at the Homecoming parade. Each class had a float. The freshmen float won. The parade lasted about an hour. It was followed by the Homecoming game. Unfortunately our school spirit was not enough to help our players, Colts lost to Goddard 38 to 00! But "oh well" this only dam-

pened spirits as lightly as the soft misty rain that began to fall. At halftime the show was the crowning of Royalty. The candidates were Dean Rutherford and Mitra Hashemi, Wanissa Walker and Paul Griswold, Shelly Piasecki and Joe Reece, Laurie Palmer and Les Tucker, Denise Diaz and Shannon McCready, and the sixth and final candidates were Julie Roach and Rich Morrow. The 1986 Homecoming King of Campus High was Mr. Dean Rutherford. The 1986 Homecoming Queen of Campus High was Miss Wanissa Walker.

The spirit continued after the game with the Homecoming dance. It was a great turnout. The energy was bouncing off the walls. The music played, the people screamed, and the heat was on!

Wanissa Walker and Dean Rutherford give each other a reassuring touch after being crowned King and Queen.

Colts Fought With Might Against Goddard

"It was long, discouraging and rough for everyone. Next season there's hope. There are some pretty good guys coming up," said Shannon McCready, former football player.

Excitement always runs deep, anticipation by fans runs high, and anxiety for a win by the football players intensifies as Homecoming game draws near.

Homecoming '86 was no exception. The stands were packed with Campus fans. Adults, as well as students, and past alumni were there to support the mighty efforts of the Colts. But as the game progressed, and the Colts failed to score, and some disappointed fans began to file out of the stadium. Another Homecoming game lost. Most fans were not dissatisfied with the team, for most fans believed that the team always puts forth its best effort. Simple logic was all it took to realize that most of the team members were inexperienced at the varsity level.

The defeat came as no surprise, and the mighty Black and Gold left the field with a 34-0 loss to Goddard Lions.

The Senior float was a traveling piece of memorabilia.

Colts were Lions meat on this night.

Spirit Comes In Many Forms ...

Prettiest Indian squaw and best costume went to Tammy Dull.

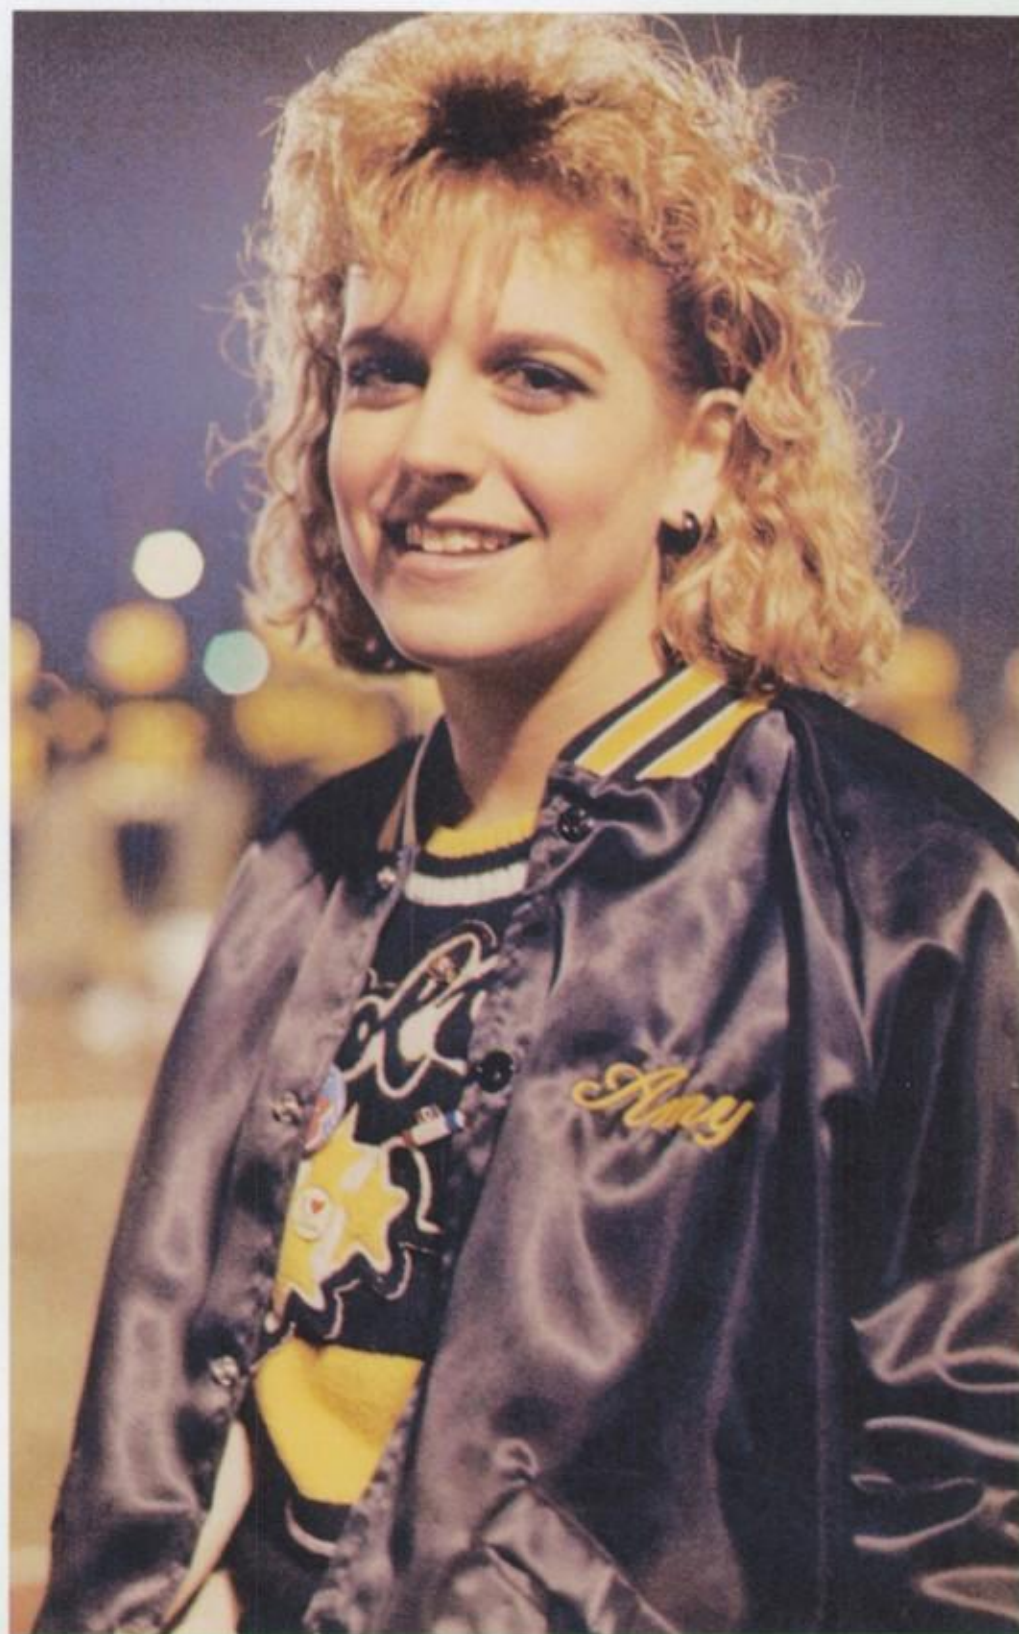

**and in many
faces ...**

Togas that turned the guys on belonged to Cari Charter and Shawn Reiling, during Spirit Week.

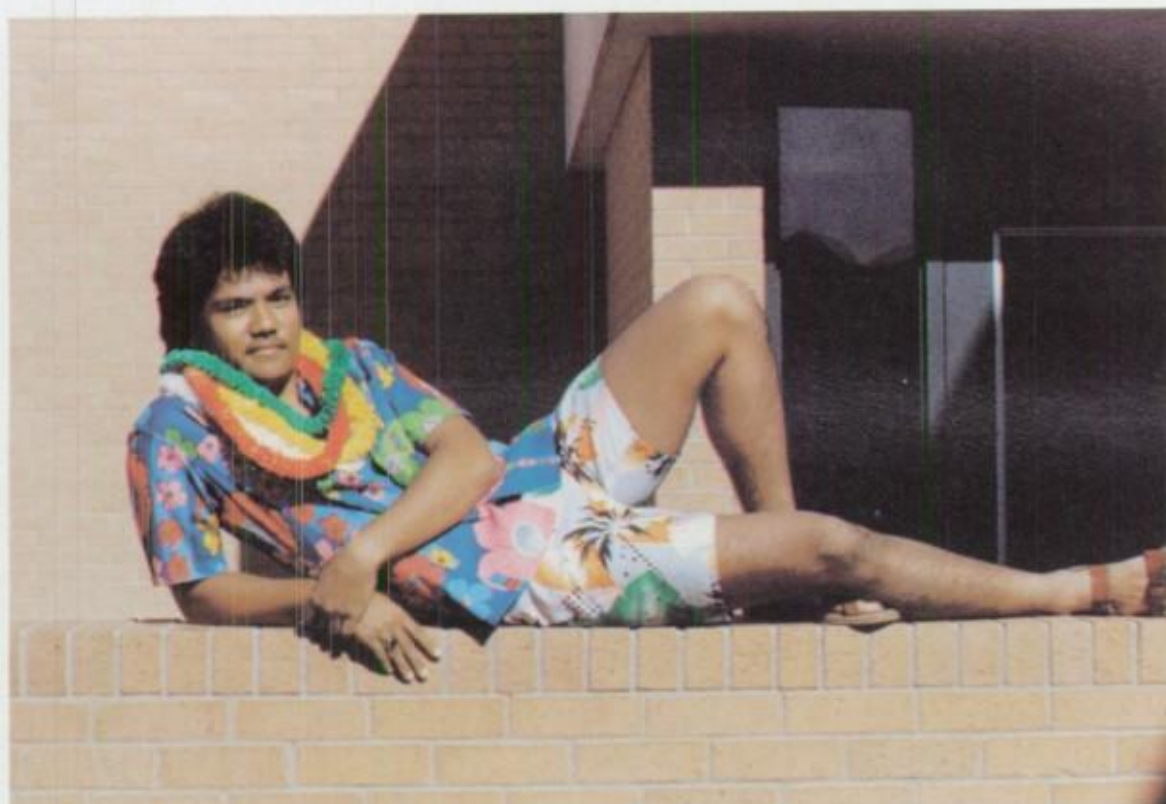

Robin Patnaude, Laura Marvin and Sonya Bozone took first as a trio of "Blues Brothers".

Amy Clanton (UP CLOSE!) at Homecoming.

Rich Morrow, broke all the gal's hearts with his poetic verse, at the Yearbook signing party.

Arthur goes "Hawaiian" on "Surf's Up" day of Spirit week.

"Let's give those boys a hand" as cowgirl Kristan Sturm, Niki Lathrom and John Gabel applaude a few classmates on stage.

... and somehow a little of that pride is preserved

Out of the Ordinary Recreation

"Extrodinary!"

"Out of this world!"

"Really scary, but fun."

All of these sentiments were expressed, and many more, by a fearless team of fifteen that learned to leap from an airplane hovering 3,500 feet in the air.

Senior Paul Griswold and Junior Steve Ford were two from the group that skydived the summer of 1986, at the Drop Zone owned and operated by Ron and Becky Maglaughlin, Campus High Journalism teacher.

Steve Ford said that his first initial feeling was, "Man I was scared. I had a "white out" (mind went blank), but I could hear the airplane above. When I opened my eyes I was under the canopy." It's a good thing for Steve that all students are hooked up to a static line for there first five jumps, and the static line is hooked up to the plane!

But Steve continued to jump and improve along with Paul Griswold. Paul was equally impressed with his first skydiving encounter. "It was the ultimate high. I want to continue to jump. It was really alot of fun to learn as a group," said Griswold.

Skydiving is certainly "out-of-the-ordinary" as far as recreation goes, but the Campus students who braved the unknown turned the not so ordinary time into an impressive feat for other students to admire or envy.

... in the air

Steve Ford hangs on to the strut of the airplane, awaiting the "go" signal from his instructor.

... and on the
stage.

For Tami Hutchinson, hard work at the ballet studio brings her closer to the reality of being a professional dancer.

Campus Has A Ballerina

Beauty, grace, and poise- all of these represent the allure that the ballet holds for the audience. For a very few people the magical "pull" is very strong, and all they can dream of is to dance.

And dance is what Tami Hutchison does, something to the tune of two to three hours a day, and give to six days a week. All of that practice really keeps Tami on her toes (literally!)

Tami was a junior this year at Campus. She began her ballet training only two years ago when she was 14. She admits that this was a little late to begin her study of ballet, but she said she never had one of those pushy "backstage" moms.

"All of the push came from me," said Tami. "I saw a ballet and I just decided that I had to do that (ballet)."

Paisley shirts, rolled up khaki colored pants, and boat shoes were seen on Rich Morrow and Shannon McCready.

University sweatshirts were seen around the Campus as Jennifer Phillips, Lori Henderson, and Julie Sinko supported K-State.

Suspenders were worn more as a fad then to hold their pants up, as displayed Arthur Gutierrez, Ted Ward, and Lance Ellis.

Colorful 10-Button down shirts are worn by Valeri Gaddy and Tara George.

Guess what? The ever-so-popular overalls, Kristi Fields, Sherry Renollet, and Jana Howard.

No Ordinary Fashion Trend

Fashion: The stlye of dressing or way of behaving popular at a certain time.

Campus High came a long way from the 1960's bellbottoms to the no ordinary "Guess overalls." Parachute pants parachuted out of 1986 but tight leggings and oversized sweaters were a big hit.

The guys were seen strutting around Campus in their rolled up "Levi 501's" along with their "Street Closed" sweatshirts. They also wore their "UMEN" clothing with matching suspenders. The guy's hair drastically changed from permed hair in the back to spiked on the top or buzzed all over.

This year the girls were seen wearing denim and lace dresses with any kind of granny boots. "Forenza" wear was a real hot item with an added broach at the collar. Large silver and gold clutch bags took the spotlight.

The year of unisex clothing arrived from "Reebok" tennis shoes to "Swatch" watches all up the wrist. To keep warm around Campus the no ordinary jean jacket was worn.

No Ordinary Year For Entertainment

Students were often found showing that fun was present in many places throughout the year by doing unordinary things for entertainment. These things include: camping, spending time with friends, attending festivals and even a visit to the Sedgwick County Zoo. Fun wasn't only found on the weekends, it was found at school as well as on the town.

Board Of Education

Administration Reflects On Year

Campus High School serves over 900 students in a suburban setting of Sedgwick County, Kansas.

Over 70 teachers and administrators have worked with the science of teaching that helps improve learning by students. We are planning more opportunities for all teachers in the district to study and develop a set of teaching behaviors that helps improve the achievement and self esteem of our students.

Appreciation is expressed to the administrators in the district for providing leadership in working with difficult circumstances and consistently making decisions that create a more positive environment for students in our schools. Our school board has promoted firm leadership in desiring a balanced approach to local funding for the district, improvement in school facilities, and increased opportunities for the staff in self development and growth. Teachers and support staff have dedicated many hours of grading papers, sweeping floors, answering phones, and driving buses to contribute to the end product of an educated citizenry. You the high school graduate becomes the true benefactor of the efforts of many people in providing a public education.

New Principal Initiates Changes

*Paul Shuler
(Vice Principal)*

This year was particularly challenging for the administrators of Campus High, as they formed a new team under the direction of Dr. Rod Allen, the new principal from Northwest High School. Some of these challenges were improving the general image of Campus, trying to develop a new discipline and attendance policy and attaining more community involvement at Campus.

Counselors

Helping Students Through Many Things

Got a problem that you can't sort out? Maybe it's the math class that was just too difficult, or personality clash with a teacher or friend, or even more traumatic like mom and dad splitting up. These questions and more are some of the endless topics that pass by the counselors of a 5A school daily, and Campus is staffed with three excellent counselors to work with such problems.

Although Mr. Crum, Mrs. Markham and Mrs. Kreutzer are not in the classroom daily, they are the integral link behind the scenes to many different facets of a student's life.

Once a speech therapy teacher, Mrs. Kreutzer commented that, "I like working with kids, but I don't like an every day routine. This job certainly isn't routine."

Mrs. Kreutzer works hard all year with seniors, trying to help them get their diploma, scholarships, etc. This year Kreutzer also worked with part of the freshmen class.

These two girls are contemplating a fast break to the counseling office or health room to avoid Mrs. Wilson.

Mr. Crum was a former social studies teacher at Campus before becoming a counselor. "I felt that I could work closer with kids by becoming a counselor," stated Crum. "1986-87 has been a good year. I'm looking forward to next year."

Perhaps the most difficult aspect of being a counselor is dealing with things that can't be changed in a kid's life. Counselors are here to help kids adapt to change in their life, but

there is only a short amount of time each counselor can spend with each child. What's happening outside of school is basically beyond the control from the counselors.

"I really felt very positive about this year," commented Mrs. Markham. "I saw a lot of involvement with teachers and staff. I think it increased and so did student enthusiasm."

Office Staff

Behind The Scenes

The office force rallied around new administration this year, and where would Campus be without them?

Somebody had to collect fundraiser monies, answer telephones, schedule appointments, keep track of lost and found, get a bandaid, collect a fee, run off an assignment, and the list goes on and on and on.

Linda Smith took the place of Mildred Tannahill, who had served for secretary to the principal for 26 years, and she and the new principal, Rod Allen, learned the ropes together.

Yes, these are the unsung heros. Often the first to arrive and the last to leave, putting in that extra effort to help Campus operate efficiently.

"I really got some interesting excuses for being gone from school," said Stancoff.

Wanted: English Students Dead or Alive

Can you read? Do you enjoy it? Does diagraming a sentence turn you on? How about writing a short story, or laying out a newspaper, practicing a debate or rehearsing lines to a play?

This is an "Ode" to the Language Arts" or let us introduce you to either the most loved or the most hated program at CHS.

Generally students that love to read can survive language arts. Of course the love of writing follows second in this program and seniors who loved to do neither scrambled to enroll in yearbook, newspaper, or drama in order to escape the fourth year of English at Campus. However, the 1987 graduating class was the final class to enjoy this opportunity because starting next year all students are required to have four years of straight English classes.

Louise Herrington, Language Arts Department chairperson said, "An ultimate goal of the language arts program is to help students develop communication skills--speaking, writing, and reading--as well as open to students the world of literature".

Different ways of learning science are making science classes more interesting. Have you ever heard of an ice cream lab? Do you remember when many students were seen walking around with hard candy wrapped in foil? And who ever heard of making peanut brittle in a beaker? Science students have done all this and more. Though, without the teachers to make class interesting, science class would have been boring. Thanks to these science teachers, students can look forward to their next year of science. Who wouldn't want to take science when labs involve making candy?

Some things never change in the science department. Things like equations to learn, the scientific smells and burbling sounds, Molly the mascot monkey and Mr. Unruh's bald head (just kidding Mr. Unruh).

Out of the ordinary trips to the zoo, camping trips to collect specimens, and a trip to the Kansas Cosmisphere were highlights to many science students as well as Science club members.

Grab Your Calculators And Head For Math Class

" A^2 plus B^2 equals C^2 ," can you figure out how to apply this equation to a right triangle? If you are fascinated with this equation, you might want to take one of the exciting math classes offered.

The students at CHS have a wide variety of math classes to choose from. They vary get involved with problem solving on the board as well as on calculators and paper. Some of the classes offered are Algebra I & II, Math Skills, Calculas, Triganometry, Geome-try, and Consumer Math.

After one has worked with numbers for awhile, he will realize that he is fascinated with a new discovery every day and is actually having fun!

Not too sure about the assignment, Bill Smith takes his seat after seeking assistance from Ms. Bambick.

Social Science

Social Studies Classes are Enjoyed by Many

A lot of students might have wondered through the years why social science classes were necessary. Many reasons have been used as explanations, but the most important reason is to be sure that we do not make the same mistakes that have been made in our past history.

Besides that, students should consider the benefits from having taken these classes. They got to learn how politics work, what their rights were then, and what rights they will gain in the future. And usually there was an element of fun added in with the work. Making their own newspaper on a historical event. Interviewing someone on events that happened when they were younger. And, as always, there was the American History class' simulation of world politics. A chance for them to see what it is like to rule the world.

So, are social sciences important? The answer to that would probably be a big yes!

Special Ed

Motivation promoters by special teachers

If you have never visited the Special Education class room, you have missed out on a very special way of learning. The teachers have their own technique of reaching out to the students and making them eager to learn.

The classroom is set up on the team teaching concept, there are three teachers with several students divided in between them to help tutor or figure out a complicated problem.

Laura Spears teaches the selfcontained classroom. Ms. Spears takes time to teach her students how to cook, read, and if/when they live on their own how to survive. She also is organizer of Special Olympics.

Campus Prepares for Tomorrow

There are many courses offered at Campus to provide the students with a head start on the business world. These include classes such as Data Processing, Computer Programming, Typing, Word Processing, Bookkeeping, Accounting, Recordkeeping, and Office Procedures.

Campus has a variety of business machines to give the students many skills. The Kaypro Computers, Apple II E Computers, 10 Key machines, and Silver-Reed typewriters all prepare students for future employment in the business world.

KOLT TV

Best Show In Town

Under the direction of Leroy Griswold, select Campus" students get to participate in a program that sets Campus a part from area Wichita schools. That program is called KOLT-TV and Radio.

KOLT-TV began airing on October 17 on Derby Channel 3 at 5:00 p.m. and KOLT Radio began a radio spot on KXLK on Sunday mornings at 8:30 a.m. later in the year.

Both media programs hosted many special guests this year, but the highlight was the visit from Governor Hayden at KOLT-TV studio.

KWCH-TV 12 personality Susan Peters is interviewed by Geoff Graves.

A welcoming handshake is given to Gov. Hayden from principal Rod Allen. Wanissa Walker, Geoff Graves, Cindi Zimmerman (with key to the school), and Kevin Zavala stand behind.

HERO Class Responsibility in the Work World

Looking for a class that is for seniors only? How about a class that gives you lot's of room to move around? So much so that you get out of school at 12:10 each day and earn some money all afternoon.

This class has lot's of appeal for the aforementioned characteristics, and this class is called HERO. That means Home Economics Related Occupations.

Julie Sinko, Hero member, commented, "Hero has been a very busy, but fun class this year".

Although you don't have to be a girl, this year's class was all female. They were busy in such a activities as the Fall FHA Conference which was

held at Campus in November and also attending a HERO contest at the Holiday Inn in Wicgita in March. Contest results were very good. Everyone received 1's and 2's, in such contests as baking skills, dressing for success and job displays.

Other field trips included a trip to the New Life Center at St. Frances Hospital and employee/employer luncheon at Chi-Chi's.

Officers are elected each year and the official staff for 1986-87 were as follows: Cindy Dugan, President; Julie Sinko, secretary; Shelly Woods, Treasurer and Christina Ewert, Cousil Representative.

Students wishing to become a HERO member their senior year must get an application from Mrs. Tamson. A last minute decision will probably not help Juniors to get into HERO. There are several prerequisite classes which must be taken in order to qualify for HERO.

Mr. Huffman and Ms. Bicknell, Campus art teachers, put a lot of time and effort into teaching CHS students. They both are very talented artists themselves with a lot to offer the students. Many classes are offered by the Art department such as; painting, ceramics, metals and plastics taught by Mr. Huffman, and drawing, commercial design and art design taught by Ms. Bicknell.

Ms. Bicknell had many projects this year, such as a Christmas decoration for the Haysville Chamber of Commerce, Las Vegas night signs for the project graduation fund raiser, the props for the musical Lil' Abner, and finally a poster contest for the Red Cross blood drive.

Mr. Huffman sponsors the Art Club, which planned visits to various museums, a wall mural for H Building, and a trip to Worlds of Fun.

Pondering what he should do next in ceramics, John Lynch sits at the art table.

Sandi McCabe reaches new heights in Mr. Huffman's art class when she washes the celestory windows.

The benefits of Drivers Education are not just learning how to drive, but many other things.

Some kids already have their education, they just take it to get a reduction on their car insurance. When you take drivers education you learn the inside of the car and how to change a car tire and what to do in certain emergencies.

Mr. Emberson, drivers education instructor, joked "The only reason why I teach Drivers Ed is because it is cheaper than going to Worlds of Fun because it might as well be a roller coaster!"

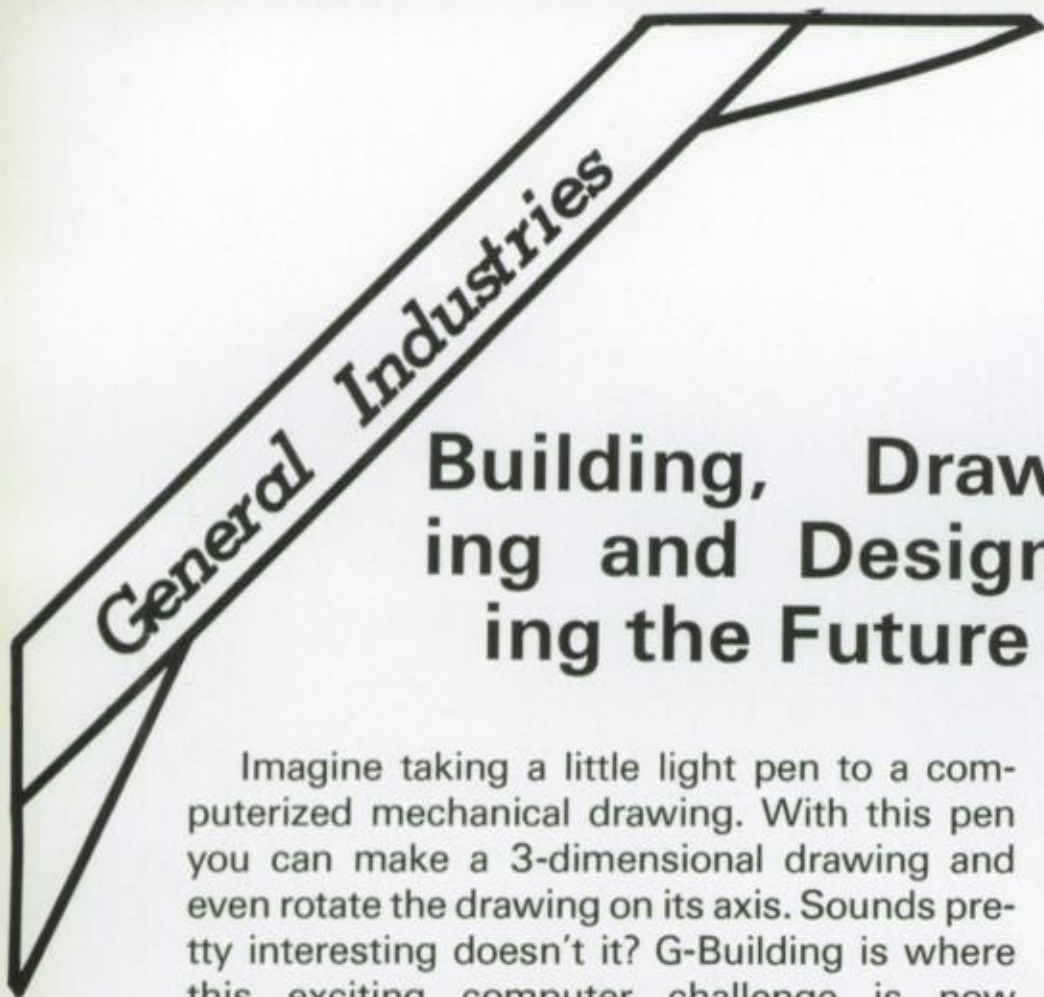

Never knowing when trouble might occur, Mr. Emberson (drivers ed. instructor), teaches his students to change a flat tire.

Mr. Clanton gives the drivers education a car wax job.

Back in the classroom is the least favorable part for students in drivers ed. because they would rather be driving.

Building, Drawing and Designing the Future

Imagine taking a little light pen to a computerized mechanical drawing. With this pen you can make a 3-dimensional drawing and even rotate the drawing on its axis. Sounds pretty interesting doesn't it? G-Building is where this exciting computer challenge is now stationed in Mr. Gringaux's room.

More and more advanced mechanical technology can be learned in the general industries classes, as Campus High keeps up with the state of the art technology which will give her students an added edge when they enter the work world.

Students can learn auto mechanics, woodworking, metals work, printing, general mechanics and mechanical drawing in the vocational and general industrial program at Campus.

Mr. Frantz sponsors the VICA program (Vocational Industrial Club of America) and operates the CIT program (Cooperative Industrial Training). Each year students attend the VICA State Contest. This year Grant Nutter, Sr., won an award for his cabinet making.

Your Shape For The Future

Going into the gym, you can hear the kids trying to get out of stretches or playing ball for the day.

Like it or not, freshmen are required to take physical education. For a few of the athletic types, they can take advanced P.E. For the boys, this means they can go in and lift weights. The girls do less weight training and more running in this course.

One new addition to this year's program was the aerobics class taught by Mrs. Hamlin. It was a big hit with the girls and even some teachers came over on their planning periods to exercise through a few dance steps.

The girl's P.E. classes are taught by Mrs. Hamlin and the boy's P.E. classes are taught by Mr. Riggs, Mr. Pulliam and Mr. Domenico.

The gym is put to use in practicing for cheerleader tryouts.

The Foreign Language Dancers perform at the International dinner and other places as entertainment.

Ours Is To Keep International Friendship

Talk is cheap! No, not really. Learning a foreign language could be a real bargain for you now, because this second language is a highly prized and marketable skill for later on in the work world.

When learning a foreign language, student, should keep in mind that combined with other skills, such as: business, fashion, education, and tourism/ public relations, that they are learning a trade skill, something that will help them as much as math or science.

Beginning language students learn basic survival skills, while more advanced students have an opportunity to progress at their own pace, but also to share their knowledge with local elementary students, through cadet teaching.

Several activities add to the enjoyment of studying a foreign language. Campus students compete in State Foreign Language contest, participate in the Humanities Festival, attend foreign films, eating international foods from local restaurants, compete in national exams and visit college classes on particular languages.

Yearbook

The Yearbookies Present -

No Ordinary Year

Another year, another yearbook. With this painstakingly difficult job went many, many hours of hard work, dedication, short tempers, good laughs and finally a sigh of relief as the last shipment was marked "final copy."

This year the staff decided to go back to a more traditional book cover that was closer to the Campus Colors of Black and Gold, and were more conscientious in maintaining a graphic style.

Besides putting together this book of memories, this staff of 19 traveled to K-State to attend Journalism Day, competed at the KSPA contest at W.S.U. and sold advertising as well as several fundraising activities.

In the end, it was "no ordinary year" for the **Yearling** staff members in their accomplishment of another fine yearbook.

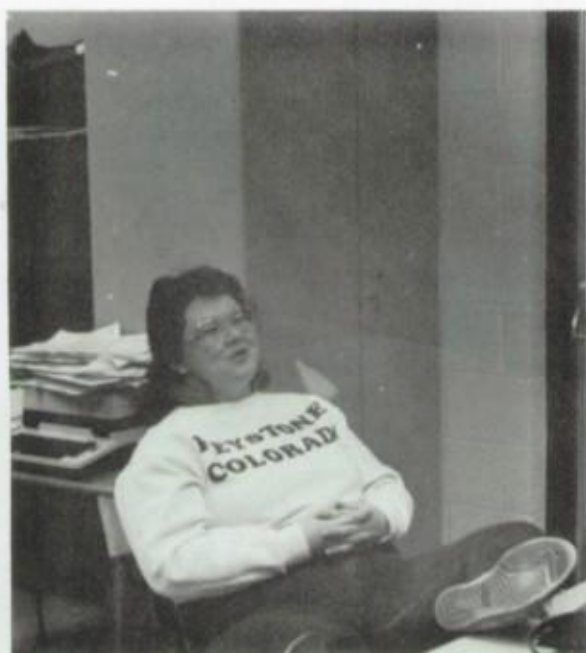

Top Row: Melissa Kennison, Julie Sinko, Arthur Gutierrez, Lori Henderson

Middle Row: Keith Lathrom, Laura Marvin, Robin Patnaude, Jana Howard, Sonja Bozone, Tara George, Tisha Davis, Jennifer Phillips, Twila Able

Bottom Row: Diane Hutchison, Krista Martin, Shannon Rose, Tracy Howell, Melinda Smith, Jennifer Hardman.

Taking a well deserved break from bills, money collecting and ad calls, Melinda Smith, puts her feet up.

Waiting patiently for the ad copy from Arthur Gutierrez, Jennifer Hardman is responsible for the ad layout.

Let's talk about "movers" and "shakers" and you come up with an active little staff called the **Colt Special**.

The 1986-87 newspaper staff was a very talented bunch this year. "Quite actually it's always hard to say goodbye to my newspaper staff," said Mrs. Maglaughlin, journalism instructor. "I've had a number of these kids for three years, so this means a lot of rebuilding in terms of staff. Besides that, I just really love these guys a bunch!"

Highlights of this year were sending three students to State competition and having feature writer, Cindi Zimmerman, take second place.

Band

Take Note of These Guys

The Band came back this fall with a lot of spirit left over from last year. Mr. Craine, the new band director, or should we say "old" band director, came back to raise even more spirit. Mr. Craine is a returning faculty member. He directed the band program in 1960 to 1966. Under his direction he led the band last year to the State Fair where they received an excellent rating.

Several other instrumental dates include marching in the Homecoming Parade and performing a mini concert at the Fall Festival

Orchestrating It Beautifully

Jazz and Orchestra

Through-out each year we have had for mal assemblies for Homecoming and Prom. And at every one the Jazz Ensemble was there to provide entertainment. The Orchestra has also played their part at special ceremonies. And this year members of both groups, plus members of the band, helped provide music for the production of "Lil' Abner".

At Homecoming assemblies and Prom formal assemblies the Jazz Ensemble has played music of all kinds to entertain us. For years the Orchestra has played the traditional march of "Pomp and Circumstance". Both groups have gone to contest and received superior ratings at Regional and State competition many times. Both groups have contributed a lot to the school, and will continue to do so for many years.

Orchestra members were: Mariella Reavis, Melissa Bennett, Gail Reeves, Michelle Bryant, Diane Hutchison, Jorun Rodland, Paula Shumaker, Buddy Runa, Dean Rutherford, Lori Carr, Tina Mier, Derek Williams, Toby Mahan, and Teresa Meier

Varsity choir is made up mainly of Freshman and Sophmores, with a few Juniors and Seniors. They are directed by Mr. Kent Latimer, first year vocal music instructor for CHS.

The class is geared to develope and train the singers vocally and help them to learn basic techniques, such as sight reading, vowel production and breathing. It is a continuation of the vocal program

from the Junior High with more emphasis on technique and literature. It is also a preparation for Concert Choir and Campus Singers.

Two programs were presented this year. The Christmas Concert featured popular Christmas Carols, and the Spring Concert contained a variety of different vocal arrangements.

"Friends Are Friends Forever" sings Brad Tull, Sr. and Michelle Cook on stage in a vocal rehearsal for the Talent Show.

A final performance in Concert Choir with the graduates, singing "Starmaker" on graduation night.

They Are The Music Makers

Concert Choir was made up of 38 talented voices. Mostly female, with only five male voices, the choir still did an outstanding job.

Concert Choir is made up of advanced singers and several Campus Singer students. Because they are the more advanced musical group their vocal material is usually more difficult.

Concert Choir presented two musical programs this year, a Christmas Program and a Spring Program in which they sang such beautiful melodies as "Starmaker," "What I Did For Love," and "Somewhere Out There."

Many of these students also took active parts in Li'l Abner, the Spring Musical. Shortly following the musical, hard work paid off for this group as they received a "I" rating of excellence at Regionals and State Music Contest.

CONCERT CHOIR 3rd Row - Penney Crouel, Julie Evans, Cheri Cottle, Bobby Deets, Carrie Breth, Todd Weber, Jeff Huggins, Carol Bloss, Carrie McJimsey, Traci Poling, and Diana Perkins.

Campus Singers

Performers Learn Discipline Counts

An "I" rating at Regionals and State helped to reinforce what was already a well known fact. Campus Singers were very good this year under the new director, Kent Latimer.

Sharply dressed in their royal blue formals and black tux's, the Singers performed at many functions and were enjoyed by all who heard them.

"My goal this year was for more discipline both vocally and in the classroom and performance behavior," stated Mr. Latimer. "There is a lot of talent in this group but it needs focus."

The singers presented several programs plus their special spring concert which is more in line with a talent show because each singer presented a solo or duet.

Singers perform for approximately 200 guests at the HEA Banquet in the spring.

Debate

Debators Argue Into A Successful Year

Campus High School had a Debate and Forensic class that should be proud of the accomplishments achieved this year. First, the program is divided into two classes, Debate, first semester, and then Forensics second semester. The novice and experienced debaters used all their knowledge to defeat other teams and schools, their cases revolved around the topic of agriculture.

Although Campus didn't win a tournament, many students brought home many medals and trophies. Forensics, unlike debate, is an individual effort but still very competitive. The students use all their speaking techniques used in first semester and apply them to public speaking surroundings. Many other events include extemporaneous speaking to improvised duet acting.

Campus' best victory for the entire squad was at El Dorado when the team was only one point away from tying for first place. The squad competed in many tournaments in and out of the city as well as hosting their own tournament. All this with hard work and determination paid off giving Campus High School second place in their district.

In between rounds of the Campus Invitational Debate Tourney, Bob Nordyke, Glen Rankin, Bobby Schremmer and Lance Lesslie discuss an argument presented in round one.

Theatre Boasts Successful Season

This year a new director, Becky Maglaughlin, pulled the stage curtains and headed an exciting year in theatre as four successful productions were performed.

Drama classes, PVP, faculty and other students were very busy from day one in organizing the stage, building sets, acting, set strikes and many other facets of theatre.

This year the drama department presented "Not Fit To Print," a spoof on journalism; "Li'l Abner," an all school musical, "Addict," a anti-drug abuse show; and ending with a fairytale theatre production of "Beauty and the Beast."

Lauremie Johnson, the head of MacBeth?, and Brad Burdick attend a foam latex workshop.

Fall Play A Spoof on Journalism

The fun was on when the cat of "Not Fit to Print" opened on December 4 and played the second night on December 6.

Although many of these actors got their acting debut in this show, the play was considered a good success by a majority of those who attended.

The cast was as follows: Brad Tull, Lauremie Johnson, Heather McDonald, Rod Snyder, Michelle Cook, John Lynch, Caid Adams, Carrie Breth, Mitra Hashemi, Aaron Rissen, Spencer Ingram, Kirstan Sturm, Cari Charter, Tammy Merrett, Joe Percell, Travel Hoover, Keith Lathrom, Shannon Davidson, Rachel Mallory, Jeanie Friedenberger, and a last minute recast with Mr. Nordyke.

The small time hood, Nicky Zutts, was portrayed by John Lynch.

Michelle Cook as Wendy Singapore, Brad Tull as Noah Nicholson and Heather McDonald as Kravitz made a hilarious trio as workers for a cheezy tabloid called the Metro Inquirer.

Letting off some pre-show jitters in the dressing room is Caid Adams, Heather McDonald, Michelle Cook and Spencer Ingram.

Rehearsals can get long when a difficult scene is being blocked. Carrie Breth played the bar maid and Brad Tull was the leading role as Noah Nicholson.

Students Direct And Assist In Theatre

The spring productions followed the musical *Li'l Abner* and gave advanced drama students Brad Tull, Rod Snyder and John Lynch a chance at some directing and assisting the director.

Brad Tull was in complete charge of *Addict* and Rod Snyder and John Lynch, with the help of Monica Walker, assisted Mrs. Maglaughlin in "*Beauty and the Beast*," as well as acting in the show.

The cast for "*Beauty*": Brad Tull (Beast), Wanissa Walker (Beauty), Rod Snyder (Blotti), Spencer Ingram (Manello), Cindi Zimmerman (Jonquil), Jeanie Friedenberger (Rougi).

The cast for "*Addict*": Rachel Coffey, Carrie Breth, Bobby Nixon, Stacey Smith, Brad Tull, Geoff Graves, Rachel Mallory, Monica Walker, Witt Walker, Wayne Walker, Tim Emerson, Cheri Cottle, Mitra Hashemi, Delora Watson and Mike Cohorn.

Beauty And The Beast

Li'l Abner

CHS Combines Effort In Li'l Abner

Abner (Shannon McCready) tells Daisy Mai (Cindi Zimmerman), how he can visualize the Sadie Hawkins Day race.

Bald but full of spirit, Travis Hoover's make-up as Pappy Yokum was quite a job.

Hoots and hollars and thunderous applause was the result of a fine effort made by students, faculty, guest artists, and the patrons when Li'l Abner was revived on the Campus Stage as the Spring Musical.

The effort really was tremendous because less than eight weeks were given for Mr. Latimer and Mrs. Maglaughlin to cast a show of 46 students, Mrs. Bambick to teach numerous dance routines, Mr. Craine to conduct a full orchestra, Mrs. Simmons to learn all the piano accompaniment, Mr. Latimer to vocally instruct a very difficult vocal score, Mr. Tigerina to direct and have the sets built, and the students to put in many hours of grueling rehearsal. Quite actually the list of those involved could go on and on . . . but the final result was one huge success for everyone.

Li'l Abner cast (not in order to picture): Tammy Ehler, Carrie Breth, Bobby Deets, Ed Chrisco, John Huddleston, Wanissa Walker, Brad Tull, Todd Weber, Cindi Zimmerman, Travis Hoover, Mariella Reavis, Shannon McCready, Chris Heimerman, Tom Vickers, Bobby Nixon, Michelle Cook, Joe Percell, Rick Huff, Jorun Rodland, Geoff Graves, Jeff Huggins, Brenda Gordinier, Sarita Mason, Jolena Mason, Lauremie Johnson, Caid Adams, Kristan Sturm, Angie Hansen, Marlo McCready, Heather Lehman, Angela Ryherd, Diana Nutter, Patricia Haynes, Anette Willoughby, Tanya Helmlinger, Sheri Smith, Wendy Griffen, Janelle Seaton, Kim Manuel, Lana Blaine, Niki Lathrom, Grant Stranathan, Jim Barrett, Jeff Langston, Juan Cardell.

Campus Pride Claims: **The Pride Was Back**

This group is just what it claims to be - Campus Pride. Going into its second year, the Pride Club proved better and stronger and very outgoing.

The year was kicked off with a Campus Pride Lock-In. The students planned the agenda and had quite a bit of fun, too! The evening saw them making a sand pizza!, Christmas tree ornaments, spirit chains, playing volleyball and lots of eats!

The main goal for the year was to raise money to buy a Colt Mascot statue to place outside. A number of years ago a statue stood with the Campus High school sign in the front of the school. Although it has not been determined where the Colt will stand, \$2,000 was raised to replace the statue.

Several years end activities were the Campus clean-up of trash on the grounds, helping with the Special Olympics track meet and helping to decorate for the Las Vegas night held in Haysville.

Pride officers were: Sherry Madzey, Arthur Gutierrez, Steve Ford and Caid Adams.

Cookies to see the night thru at the Campus Lock-In were made by Aaron Crossman.

And The Winner Is . . .

The first ever Campus Cruiser's Car Show was held April 11, at Campus, with a total of 86 cars entered into numerous divisions.

The Campus Cruisers were brought to life by Ken Gandy, auto shop instructor, and Dick Palmer, metals instructor. They realized that there were a lot of kids at Campus who wanted a place to work on and display cars.

"I feel we were very successful for a first year club," says Gandy, "I am anticipating an even larger involvement next year."

In the open division, Campus instructor Richard Riggs won an award for his 1948 Studebaker truck.

Those entering and winning in the high school division were:

Best Ford Terry Boone - '64 Fairlane
Best Chevy Jaden Stapleton - '70 Monte Carlo
Best Truck Shane Wickman - '54 Chevy
Camaro Mike Allwine - '68 Camaro
Best Unfinished Kris Harris - '69 Camaro

Peach Valley Players Busy Performing

So busy with performing, was the main reason PVP didn't have many meetings this year.

The year began with the group getting together discussing goals, introduction of officers, improvisations for fun and scheduling the Salina Thespian trip.

PVP was instrumental in getting the stage in shape for the year of fine productions. Brad Tull headed up most of the clean-up and set building groups while Brad Burdick led a few followers in stage maintenance and technical work.

At the end of the year PVP hosted the drama picnic and presented the drama awards.

Foreign Language Club Throws One Heck Of A Party

When I walked into French I on the very first day of school, I knew that it wasn't going to be your average "Class de Francais!"

First there was the Initiation Party, where all the freshmen and new club members made fools of themselves. The inductees were forced to do various things such as "eating worms," jumping out of "high" trees, and putting diapers on their friends. And then there was the Homecoming parade in which some foreign club members were seen disguised as football players, who, seated atop their float, tossed candy to strangers. The International Banquet was a lot of fun too. Foreign Language students from many surrounding high schools, such as South and North, along with many members of the community, feasted on many foreign delicacies such as leek soup, truffels, and sauerbraten. During the Banquet, the folk dancers and a small group of Orchestra members performed.

To end the year in a fun way, the German Club joined the Foreign Language Club on a trip to Worlds of Fun.

Kelly Carrell

Ours is to keep international friendship! This is the motto of the Campus High School's Foreign Language Club. In today's time, this is a motto **not** to be taken lightly. Believe it or not, each individual can not only help to bolster close bonds with foreign cultures, but can also help to diminish the myths, surrounding our own culture.

As Kelly's story indicated above, Foreign Language Club has a great time during the year, led by the fearless leader Ms. Woods.

A lot of time is devoted towards the planning and preparation of the Foreign Language Banquet. Another pride and joy is the FLC dancers. This year they danced at the Fall Festival, the FLC International Banquet and the Junior High.

The Foreign Language Club strives to create peace within individual relationships, and that's a very worthwhile goal.

Students Against Drunk Driving

**don't MAKE IT
ONE FOR THE
ROAD!**

SADD officers Arthur Gutierrez and Tara George.

Not to ever drink? No. SADD's expectations are much more realistic than that. All they want to help get across to students is not to drink and drive. Simply not to kill or be killed under the influence of alcohol.

SADD had a very creative group this year. Their two big projects were the bill board sign which was placed on Grand Avenue in Haysville, and their student written, directed and acted anti-alcohol abuse program presented to the Junior High.

The play was so well received by the classes that saw it, it was brought back again by popular demand.

"SADD's sign was a good community project," says Arthur Gutierrez, who climbed up to the sign for the photographer.

Acting out a party scene is Niki Lathrom, Travis Hoover, Brian Bowles, Andrea Nicklaus and Jeanie Fridenberger.

Student Government In The Spotlight

Student Council is the governing body for the entire school. Its purpose is to meet with the goals of the community, the faculty and the students. To try and meet these goals, Student Council handles numerous activities throughout the year.

To name a few of these activities: Teacher Welcome with tea and cookies, STUCO exchange students which was initiated by Cindy Chebultz, the Powder Puff football game and dance, Kelly Rambo headed up the committee for a student forum called "Speak Out," a petitioning of students to form a nuclear docudrama against nuclear war, Santagrams at Christmas, a food-drive for the needy in the community, and a marquis sign for a future student

council headed up by Shawn Farney.

A new attendance policy was in the making for Campus High, and Dr. Allen enlisted the feedback from STUCO in putting a policy together. Another area of concern was a protest against certain cheers being yelled at games. Dr. Allen wanted STUCO to take a stand on not allowing negative and rude cheers this year.

Once again STUCO helped the Lions Club of Haysville with the traditional Pancake Day Feed. The money collected here goes towards scholarships to deserving high school graduates.

Towards the end of the year Campus was brightly adorned with black and gold shirts, boxers and jams. This spirit clothing was

a big hit with the entire student body.

At the Awards Assembly, STUCO presented the "Class Act" awards to teachers. The awards were voted on by each grade level. The winners this year were Freshmen teacher - Jan Awker, Sophomore teacher - Doug Curtwright, Junior teacher - Jim Stenholm and Senior teacher - Beverly Vink.

"On behalf of the Student Council," said STUCO President Arthur Gutierrez, "I would like to commend the administration on allowing us to learn and make our own decisions, and only stepping in when our decisions may have been too unorthodox."

Let's get this meeting going thinks Dallas Cohorn, Machele Farney and Stephanie Harris.

Fall Conference Comes To Campus

FHA is not just another ordinary club at Campus, it is a local, state and national organization.

This year's FHA group went to many meetings throughout the year. In the fall they hosted the district Fall Conference for FHA'ers and HERO members throughout the state of Kansas. They held the fall election of state officers at that time. In the spring, they attended the State Conference in Wichita.

This year's officers were: President Sherry Cook, Vice President Tonya Loveland, Secretary/Treasurer Valeri Gaddy. The group was sponsored by Janice Tamson, Home Economics instructor at Campus.

A small group of FHA, Tonya Loveland, Tara George, Lori Carr and Mrs. Tamson, pose for the photographer.

Creative Writing Club

A lot more than just work

Creative Writing Club Officers: Jeanie Friedenberger, Michelle Gieser, Leanne Stevenson, Chris Humfeld, Michelle Cook, Rachel Coffey.

The Creative Writing Club consists of 15-20 students who enjoy and or have a talent for writing short stories, poems, and essays. The offices held are: Editor-Chris Humfeld, Assistant Editor-Jeanie Friedenberger, Fiction Editor-Michelle Gieser, Non Fiction Editor-Rachel Coffey, Poetry Editor-Leanne Stevenson, Art Editor-Michelle Cook.

The club's goal is to gather enough submissions from the student body, as well as the club, to produce a magazine near the end of the year. One of the problems the club has is getting enough submissions. The club expressed more this year than previous years, that anyone could submit their writing to the club, you need not be a member. "Fantasia" was the title of the 1987 edition of the Creative Writing Club magazine. Art work was used to illustrate much of the writing work. Being a member of the club is a lot of work, but also a lot of fun.

Guten Tug! From The German Club

Students wanting an extension to their foreign language study can find a fun and exciting way to do this through the German Club.

The German Club always shows their school spirit by entering a float into the Homecoming parade.

October was fun with a Halloween Party. Games were played, ghost stories were told and refreshments were served to clowns, surfers, bums, graduates and monsters.

In November the push is on to organize and host the International Dinner. This year

tradition was changed and the cooks and foreign language students prepared all the food. In the past years the dinner has been more of a potluck style. This event has grown to be quite an evening of entertainment with festive table decorations, music and dance performances, and a dance to end the evening after the meal. And the meal is fantastic! Students from other schools attend with their sponsors. Campus is the only school which hosts an event such as this in the Wichita area.

With Christmas came the German Christmas Carolers. March meant hard work for the Kansas Wesleyan Humanities Festival, where students competed in their proficiency with their language. In May the year was wound down with a trip to Worlds of Fun.

At the awards assembly, a scholarship is given in honor of Tena Buttman, former Campus German student who died in June of 1985. The recipient of the Buttman scholarship was Marsha Davis.

Science Club

Back To Nature

Many people at Campus have come together to make a very interesting and fun club. The science club is an organization that does various activities throughout the year. In 1986-87 the club went on two hikes to the zoo nature trail. The club members attended a presentation by Manure Weigel, director of the Prairie Raptor Project, a special project that rehabilitates young and mature birds of prey. The members also attended a Watkins lecture at W.S.U. on plant research given by Tom Marby entitled "Plants and Mankind: New Research, New Careers."

The club has made plans for next year to visit Lake Afton Public Observatory, to create a nature trail in the environmental lab, to take another visit to the Sedgwick County Zoo, to attend the Prairie Rapture Project in Tescot, Kansas, to attend Science Day for all Haysville students and to have a camp out for all club members.

"Ready, OK!" There's the cue, and the Campus Varsity Cheerleaders begin performing their cheer and yelling for the Colts.

The squad was led by sponsor Nancy Sturm and by co-captains Tara Duprez and Cindi Zimmerman, both juniors. Other members are juniors Amy Clanton, Stephanie Harris, and Kristan Sturm. Sophomore members are Sandy Blaine, Shauna Craig, and Angie Oroke. These eight girls put in long hours during the football and basketball seasons as they cheered for the Colts.

But the squad's season began long before the football or basketball season. All summer long, the girls practiced four days a week to prepare for the school year. In July, the squad attended the National Cheerleading Association camp at WSU and won the coveted "Award of Excellence" for the

second year in a row. This award qualified the squad for national competition in Florida, but Kansas High School regulations prohibit such competition. In addition to winning the "Award of Excellence," the squad also had a nominee for the individual competition. Kristan Sturm was one of five girls at camp named "All-American Cheerleader Finalist."

After camp was over, and all the awards were given out, the girls still had the school year to look forward to. They continued to uphold their title of "Excellence" as they performed at games, made signs and cookies for the athletes, planned pep assemblies, and demonstrated school spirit at Campus!

The Drill Team Goes Through Changes

The year for the 1986-87 Drill Team squad promised to be a year for changes.

The new squad leader was Ms. Bambick, and she wanted to shape up the squad. So she began early in the year with very early (6:00 a.m.) practices before the girls were to go to the Dynamic Cheerleading Association camp in late July.. All of this hard work paid off because the squad received many ribbons for timing, execution, and personality. They also received a ribbon for the "most improved" squad at camp.

"The squad has a lot of potential, but this will be the year for a lot of changes," said Ms. Bambick, sponsor.

The Drill Team performed at home football and basketball games throughout the year. Many of the routines they learned at camp, and they add to this repertoire during the year.

The squad consisted of five seniors, four juniors and five sophomores.

Over-all the changes were good ones, the practices were long ones but the performances were great ones.

Its An Experience

The 1986-87 Freshmen Cheerleaders included Sonya Beard, Wanetta Walker, Stacey Adams, and Andrea Doffing. They started off by going to a summer camp, and winning an award each day. When they began cheering for games it was for all freshmen. But later in the year they cheered for freshmen and sophomore home games. This year there was a new outfit added to the wardrobe. It was a fulfilling experience for each of them. But cheerleading for their ninth grade year is over. Next (87-88) year there will be a junior varsity squad instead of a squad for freshmen only.

Freshmen cheerleaders show they're made of the right stuff at Cheerleading Camp held at WSU.

Now What?

To help generate school spirit, Campus added something new this year, Wrestling Cheerleaders! The 86-87 members were; Cindi Chebultz, Jodi Runa, Wanissa Walker, Mitra Hashemi, and Maria Grunden. Maria Grunden was also the first foreign exchange student to ever become a cheerleader at Campus. This dedicated group of girls showed their spirit by supporting the wrestlers during home meets.

New cheerleaders add spirit to winter sports

The members of the flag corp worked hard to perfect their routines. Left without an instructor, the girls organized practices, fund raisers, and made up routines themselves. They put in several hours of practice in the summer and also had practices before and after school sponsored by Bob Craine. Three members, Wanissa Walker, Mitra Hashemi, and Gail Reeves, attended a flag camp held at Wichita State University where they learned many valuable skills. The corp. performed with the band during football games, parades, and also competed in competition at the Hutchinson State Fair and received a first division rating. The 86-87 flag corp was definately a dedicated group of individuals.

In May a photo contest was held with Tim Pinkerton taking first, Eric Crooks placed second, Alvin Hess took third, David Ray was honorable mention, and Andy Dugan was the most improved photography.

A New Beginning

Joek Quote

"We had an excellent season which proves Campus has a future in soccer."

Mike Stewart

The Campus Colts Varsity Soccer team had an outstanding first year. They finished with a 6-6 record and made it to second round of Regionals. Their first regional game was against Wichita West. They won in an excellent game which ended in a shootout after two overtime periods. The Colts won the game 2-1. This advanced them to play Wichita Northwest who were the 1985-86 Champs, they eliminated the Colts 6-0.

The season was a long tough injury filled schedule. It started out by scrimmaging Friends and ended with Northwest. The young team gained lots of experience which should prove to be very competitive in the years to come.

The team would like to dedicate the first year of soccer to the Seniors, Ricky Bird, Buddy Runa, and Mike Stewart, who didn't get to play all four years they deserved. Another special thanks to the coaches Mark Luft and Diane Warren.

ANOTHER TOUGH SEASON

Varsity football saw a season of being defeated game after game. This was due partially because only fourteen lettermen returned. There was some good points but there will be alot to work on. Wade Jacobs made second team A.V.L. and Carl Hall was Honorable Mention for both A.V.L. and Class 5A.

Some of the guys are lifting weights during off-season which should help out with size and strength next year.

Coach O'Neil is looking forward to next year he thinks they should have a decent team. There will be twenty-eight returning lettermen with alot of talent. Carl Hall will prove to be a big help to the team, along with quite a few others. Hopefully size and strength will be a factor for Campus in the fall of '87.

The Freshman football team finished the season with a 3-5 record. After a slow start the young colts finished the season strong. They were 0-3 going into the Goddard game, but ended up losing this game in a double overtime. That game seemed to be the turning point of the season.

They then came back to win 3 out of the last 4 games of the season. Beating Derby for the first win was a big boost and brought the team closer together. The colts then went on to beat Winfield, lost to McPherson, and finished the season beating El Dorado.

The major accomplishment of the season was that the team improved as the season progressed. Even after a slow start the team stuck together and showed a lot of character and had a successful season.

Talent to Spare But Lacking Teamwork

This years Varsity Volleyball team was inconsistent but hard working. They were a young team losing 4 seniors. Next year they should be a stronger team because of experience. This year Chris Wilken made 2nd team AVL and MVP, even though her and Staci Dunham were injured most of the season.

This year Chris Hitchman, freshman, started a few games,

and was also the first freshman to letter in volleyball.

This years most improved were Tina Dickerson, senior, and Hope Howard, sophomore. The most inspirational were Traci Poling, sophomore, and Kara Belew, sophomore.

The record for this year's season was 5-23 matches and 18-48 games.

Runners Stride for Excellence

The Cross-country team at Campus had another fine year highlighted by individual performances. For the boys, Junior, Billy Ball won three first places out of his nine races. He was runner-up at A.V.L., Regional Champ at Regionals and finished a very close fourth place at State meet.

For the girls, Jana Howard returned as defending league Champ. She finished in the top ten in all regular season races. She finished third at A.V.L. and Regionals. We wish her continued success in her college career.

This years team consisted of underclassmen and guys competing in both soccer and C-C. With the experience they gained Campus should prove to have a good season, hoping to improve there finish at League. The girls didn't have a team again this season since there was only two girls out. Misty Ollenberger proved to have a future in running. The guys found themselves without a team most of the season but showed individual improvement.

Desire Paves Way For A Winning Season

Amazing! That's what people said about Campus as the young Colts team turned it's '86 record of 4-16 to a winning record of 13-4 and took a first place medal "to boot" from the Valley Center Tourney.

Boys Basketball had new coaches for the 1986-87 season. Stan Pulliam came from Valley Center to coach the Varsity Squad and Doug Curtwright coached Junior Varsity Boys.

"I'm looking forward to the new season," stated Pulliam in December. He expected the team to improve with each game. This was quite an aspiration with only five returning lettermen, and new starters, Lance Wilson, Kip Pulliam and David Haynes, who helped the team to many of their victories.

Perhaps the sweetest victory was the win over Derby when the Colts defeated the Panthers on their home court in a 68-61 final score.

Highs, Lows Mark Season

Girls Basketball had a few changes in line-up. With only one senior, the team was young and inexperienced. Senior Cindy Doffing and Junior Staci Dunham usually rallied the team around and were the Lady Colts major point scorers. Their input was such that they were both elected to the A.V.L. teams.

The Varsity Girls Basketball team started out their year with a big win over El Dorado Wildcats by 31 points. But even though the year started out strong, there were some rough times ahead for them.

Coach Ham spent a lot of time during the year working on quickness and being aggressive on the court because the team was short. He had high hopes of improving on his '86 season of 13-7, but with only 34 girls signed up and only one of them a senior, he knew the difficulty would be inexperience.

Team Gains Confidence

Doug Curtwright coached the Junior Varsity players into a "yo-yo" year for team promotions, since many players were moved up to Varsity.

Many of Campus varsity teams were made up of younger players. This meant there would be a strain on the JV teams.

JV Basketball started out slowly. The Colts lost the first six out of seven games. But determination, good coaching and fine effort from the players brought about a seven game winning streak after this slump.

The season ended with an 8-8 record, and a highlight of the season was their win against Hutchinson on the opponents court. The courts were down 25 points at one time, but played hard and won by one point in the last second of the game.

"I thought all my players contributed to making our season a successful one," said Coach Cartwright. "I believe we can count on good Varsity teams for the future."

Team Shines Despite Move-ups

The Sophomores found themselves in a tough situation when some of their members were moved up to Varsity and J.V.

For the most part they didn't have much game experience before the season started. It was rough in the beginning, but they hung tough and gave it their all.

After they got a few games under their belts, they were never out of a ballgame. The coach was very proud of the boys for sticking together and not giving up in a situation where it would have been easy and also for continually striving to improve and make themselves better.

Young Colts Show Promise

Considering the fact that the Colt Freshmen boys lost 16 games and won only five games, one might wonder what went wrong. If you ask any freshmen they'll tell you in one word - TEAMWORK.

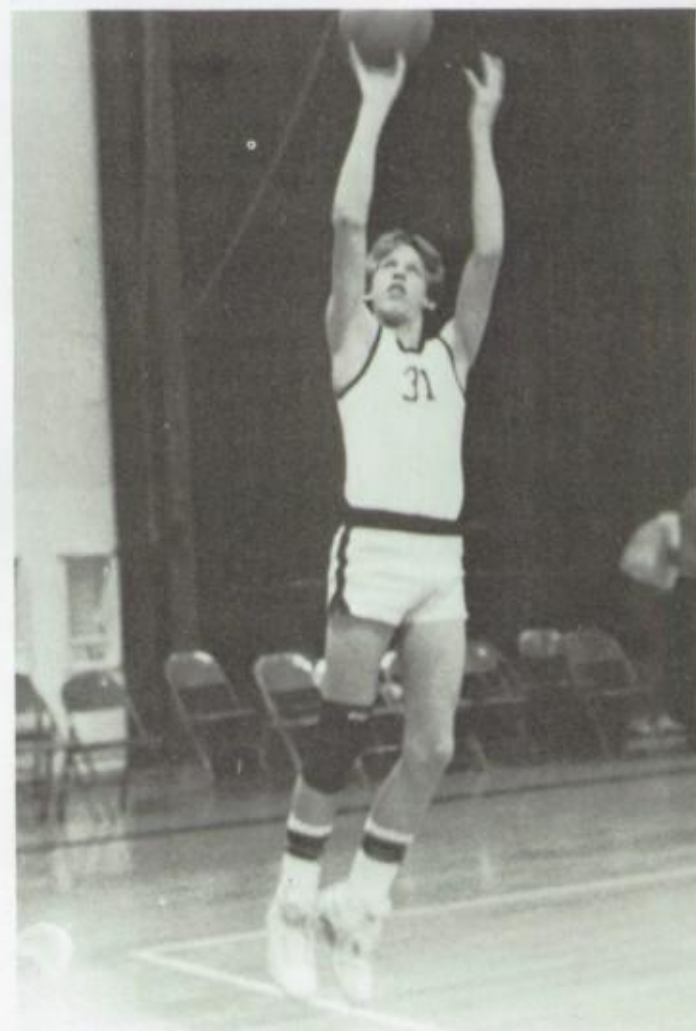

This year's "A" team Freshmen had some height and experience, but "B" team was pretty raw talent and a little height. During the practices teamwork didn't look too bad, but at games it just wasn't evident on the court.

Coach Mauer worked on zone defense versus man-to-man defense this year and was disappointed with the season's outcome, but on the whole thought that the players got some good experience that will help them play better sophomore and JV ball next year.

Jock quote

"We have good potential for the years to come, we haven't found our strengths yet."

Girls

Demonstrate Dedication

The Freshmen girls had a slow start after five of the girls were moved up to play J.V. and Varsity. Many of the girls who played were inexperienced or had no experience at all. But after they got confidence in themselves they proved they could win. The young Colts ended up beating Wellington, Ark City, Winfield, Augusta, and Kapaun. Their record was five wins and eleven losses.

Coach Engels stated, "We didn't have much height, so we had to make up for it in quickness."

One big win for the Frosh girls was their second game of the season against Ark City on December 15. Campus defeated the Bull Dogs 42 to 34.

Leading the young Lady Colts was Michelle Kralicek with 13 pts. She was followed closely by Shawna Stevens who collected 12 pts. and Robin Fisher who swished in 11. Gena Thrush, Julie Dotson and Jodi Plush also added baskets.

Numbers Would Have Been Helpful

The boys swim team almost did not exist until Mark Clark took the coaching position. This was Mark's first year as a coach. Mark said that it was too bad that there were not more guys out.

Although the 1986-87 swim team never recorded first-place in a meet, the aquanauts did accomplish individual achievements.

They were plagued with little depth, considering that there were only eight swimmers. Coach Clark said that it is hard to win a meet with only eight swimmers, but they gave it their all.

Next year's team will be strong. There will be six returning letterman. They are Dean Jensen, Dale Jensen, Steve Ford, Lance Ellis, and Dennis Johnson.

Jennifer Clarke went to State in the 50 fifty freestyle. She swam the 50 freestyle in the final heat, at the AVL meet in Newton, with a time of 27.5 seconds which qualified her to go to State. At State she swam a 27.3 and placed 18th out of 22 competitors.

The girls swim team was almost without a coach until Kelly Kennedy and John Hebb took the job. Kelly is an alumni swimmer. He said that he could remember when the team had

twenty girls, and that it was too bad that there were not more girls interested in swimming.

The team had three seniors this year. They were Kristin Clarke, Tara George, and Shawn Reiling. With a combined effort they showed great leadership.

Kelly said, "I think the season was pretty successful, but not because we won a lot of meets, but because the girls kept improving their times."

Matmen

Show Strength

The 1986-87 wrestling season was strong this year, with lot's of young raw talent.

Although they lost two time State Champion Del Rey, the matmen had six returning lettermen and a strong freshmen group coming in.

Sophomore Craig Yantiss, Junior Billy Ball, Junior Jeremy Wheeler and Sophomore Tony Zavala all made state showings this year.

An early season injury put a promising contender, Mike Winters, out early in the year. There were only 3 seniors on the team, and one was wrestling for the first time. The team was mostly sophomores with two freshment wrestling on the varisty team. All the starters will be returning next year.

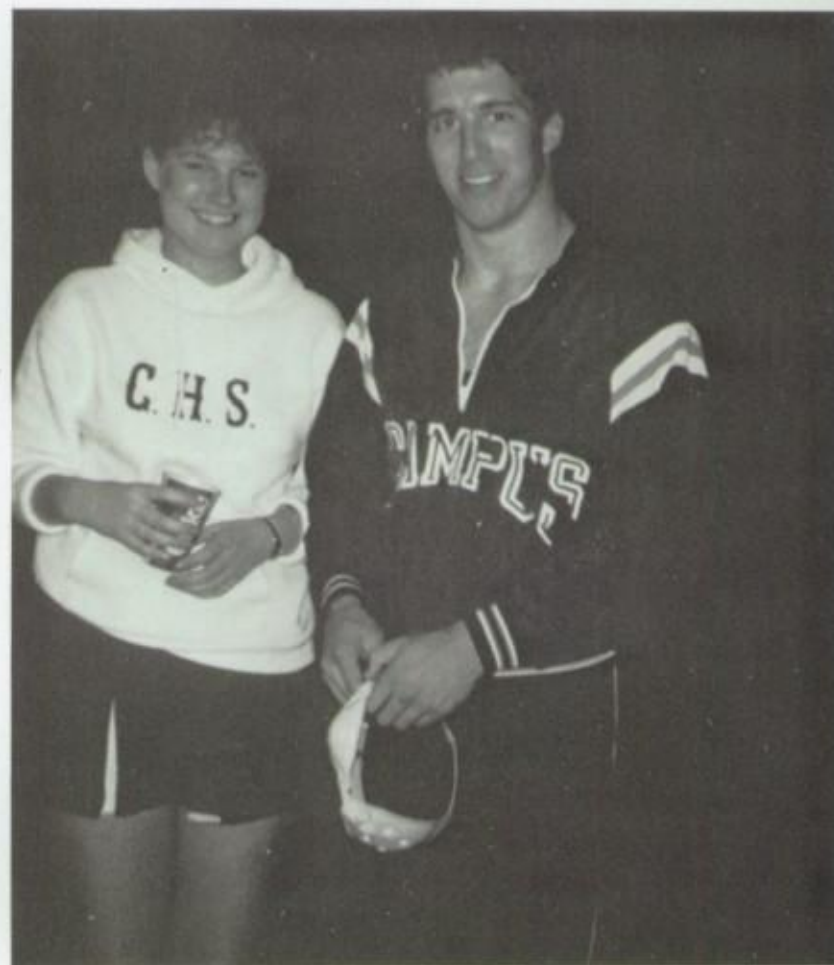

The JV season was quite successful too. The young wrestlers took second at the Goddard Invitational and after the crushing defeat at Derby, rallied around and took five medals with only eight wrestlers at El Dorado in the Ark Valley League meet. Jeremy White was the 98 lb. League Champion.

"We should have a good team next year with the number of guys returning and the experience they have."

Individual Skill Shines

No, they didn't win any Varsity track meets, their total points were not that impressive. But the end record is not the whole picture. The talent was there and the individual medals were there.

Boy's track was a small group but six boys went to State. The 1600 M. relay team of Lance Wilson, Mike Stewart, Bill Ball and Jason Nooney. Richard White took 3rd place in the 110 high

hurdles at State and Mike Stewart took 2nd in the 400 M. run.

Mike Stewart had an impressive year as he broke the school record in the 400 M. run at the Campus Invitational with a time of 49.9, a time he improved upon at State with a 49.2 at Cessna Stadium.

"We'll miss Mike Stewart," said Coach Stranathan. "He had a remarkable first year. We will have

Richard White back, and he was very close to the record. He has some tough competition, but all-in-all we have a very promising future."

Coach Stranathan said he was getting the bulk of the squad back. Billy Ball will be a senior, and an asset to the relay teams. Stranathan also commented on his younger pole-vaulters who showed potential.

Improving Steadily

The girls track team was lead by Jana Howard, the only senior of a five girl team. Considering the age and the number of girls out, the team did remarkably well.

One of the season highlights was the breaking of the school record in the 4 x 200 relay. The team consisted of Jana Howard, Debbie Smith, Kayla Reynolds and Stacey Schuler, and set a new time of 1:51.24.

Howard also qualified for State in the 800 meter and 1600 meter runs. She took 5th place in the 800 meter.

Another school record was broken by Penny Pope, sophomore, when she threw a new school distance of 78 feet at the Newton Invitational Track meet.

"Next year looks good," stated Coach Miller. "Jana Howard was the only senior I lost, so the future looks good. Also the incoming freshmen look good."

With only a few girls out for track in the '87 season, it wasn't possible to win meets, but the individual successes were high.

Sports Trivia

Jana Howard has been a strong runner for Campus for 4 years. Her contribution to the track and cross country teams led to her nomination and award as the most inspirational female athlete for 1987.

Young Team Pulls Through

Boys baseball was off to a slow start, but they rallied around and won their last few games of the season.

The Varsity team was a young, but skillful team. Aaron Crossman and Phil Tillson were the primary pitchers.

"We really started looking good at the end," said Coach Hartman, "but by this time I think everyone had stopped looking at us."

For the JV Baseball team, they saw their strongest players move up to Varsity.

Andy Johnson was quickly moved up to Varsity and soon followed by Butch Deidrich, Matt Huddleston, Albert Reams, Anthony Chavez and Shawn Farney.

The overall record was still a losing season, but with such young talent, the scoreboard should change next year.

Golfers Display Patience

The Campus golf team started off their season at the Derby Invitational on April 4. CHS had six players participate. The Colts placed 7th overall with a score of 401, with Les Tucker having the winning score of 88.

Tucker led the team once again at Newton on April 11, with a score of 87. Then at the April 13 meet at McPherson, Tucker led with a low of 90 and Kip Pulliam following close behind with a 95.

Campus held an invitational meet at Pine Bay and unfortunately did take last place, however Coach Riggs was not too dismayed.

"On the last four games the boy's scores improved a lot," said Coach Riggs. "Three of our top four golfers will return next year and we should do well."

Kip Pulliam, Campus Sophomore, qualified at the Regional meet in Ark City for State Competition, with a score of 82. He did not place at State which was held at Crestview Country Club in Wichita, but he'll be back to try again in '88.

Tennis team struggled through another year, but the year did start out right with winning the Campus Quadrangular Tennis meet. After that the team could not pull off another win.

"We were competitive at our meets and had a good time throughout the season," stated Coach Curtwright.

Arthur Gutierrez, Sr. tennis player said, "I was glad to see that the tennis program wasn't scrapped. We've had some rough times but it's a sport worthy of carrying on."

For the past two years girls have played on the boy's tennis team. Campus does not have a girl's tennis team. This year two girls, Shannon Rose, Jr. and Michelle Farney, Soph., lettered in Tennis.

The Varsity team also consisted of Shane Snider - No. 1 singles, Steve Ford, Jim Evertt, Jeff Evertt, Arthur Gutierrez and Lance Ellis.

With losing only one senior, the returning players may look to a more successful season in '88.

Lady Colts Pull Softball Through First Year

Lady Colts were at it again, and under the direction of Coach Connie Gandy, and Sheril Johnson, as the brand new team of Girls Softball sped through their opening season.

The team pulled through with a 10 wins, 11 lost record, and was made up of primarily freshmen and sophomores and only one senior.

The Lady Colts faced tough Valley Center on April 21 as a season opener and were shut out, but then two days later they split wit Derby in a grueling 5½ hours of softball.

Other softball victories weré forthcoming, and Kara Belew, sophomore, thought that the main reason for this was the coaching, "Coach Gandy and Coach Johnson are the main reason for our success," Kara commented. "The coaches anticipated that we would not give up and always expected 100%."

Sports Trivia

Cheri Buchkoski enjoyed the status of being the only senior on the first girls softball team for Campus. Cheri has played on city league teams in the summer and enjoyed playing softball for Campus. She plans on attending Hutchinson Junior College next year.

Athlete to Internationals

Sports Trivia

Jeff Carrell has been active in Special Olympics for three years at Campus. This year he will have the distinct honor of playing volleyball at Notre Dame University in the International Special Olympics. Jeff is also a fine basketball player for the Jammers team, and is looking for a strong season next year.

When someone talks about Special Olympics, they are not talking about some small, insignificant group. Rather, they are an organization that involves every state of the union and 74 other countries.

This year the Special Olympics team from Haysville competed in soccer, volleyball, skating, bowling, basketball, track and field, swimming and softball.

The Special Olympics for Campus are headed up by Laura Spears, instructor of the self-contained classroom. She had 17 students competing this year out of the elementary, Jr. High and High School.

At the Salina State Meet Jeff Carrell, Junior at Campus High, qualified for the International Special Olympics. He will travel with Ms. Spears to Notre Dame University to compete on a volleyball team. This is quite an honor because only 44 athletes from the entire state of Kansas are chosen to compete internationally.

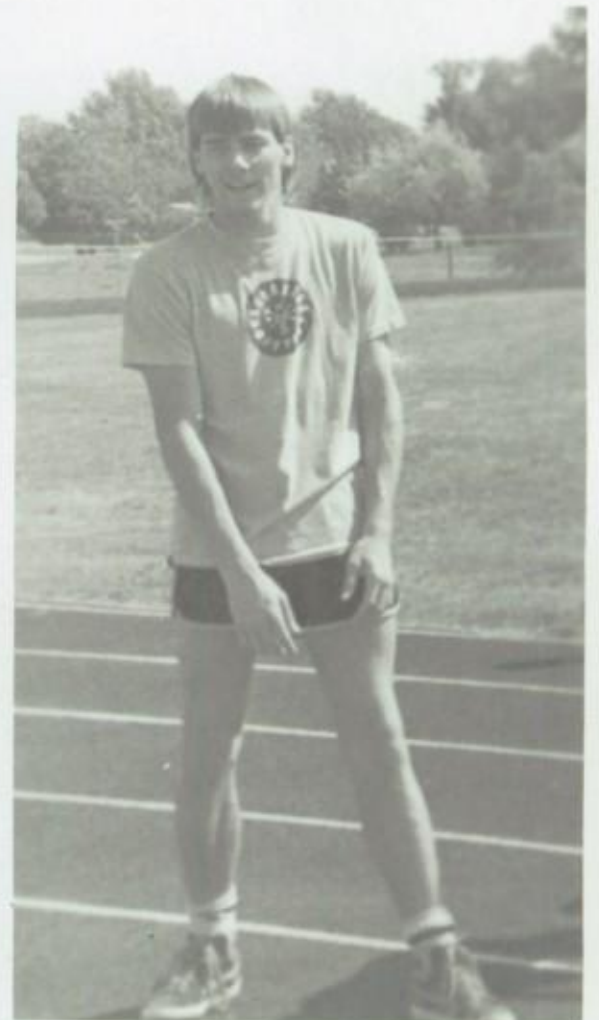

Laura Spears was chosen to be an official delegate and to represent the State of Kansas at the International Special Olympics for 1987.

Moral support is given to each member of the Special Olympics team.

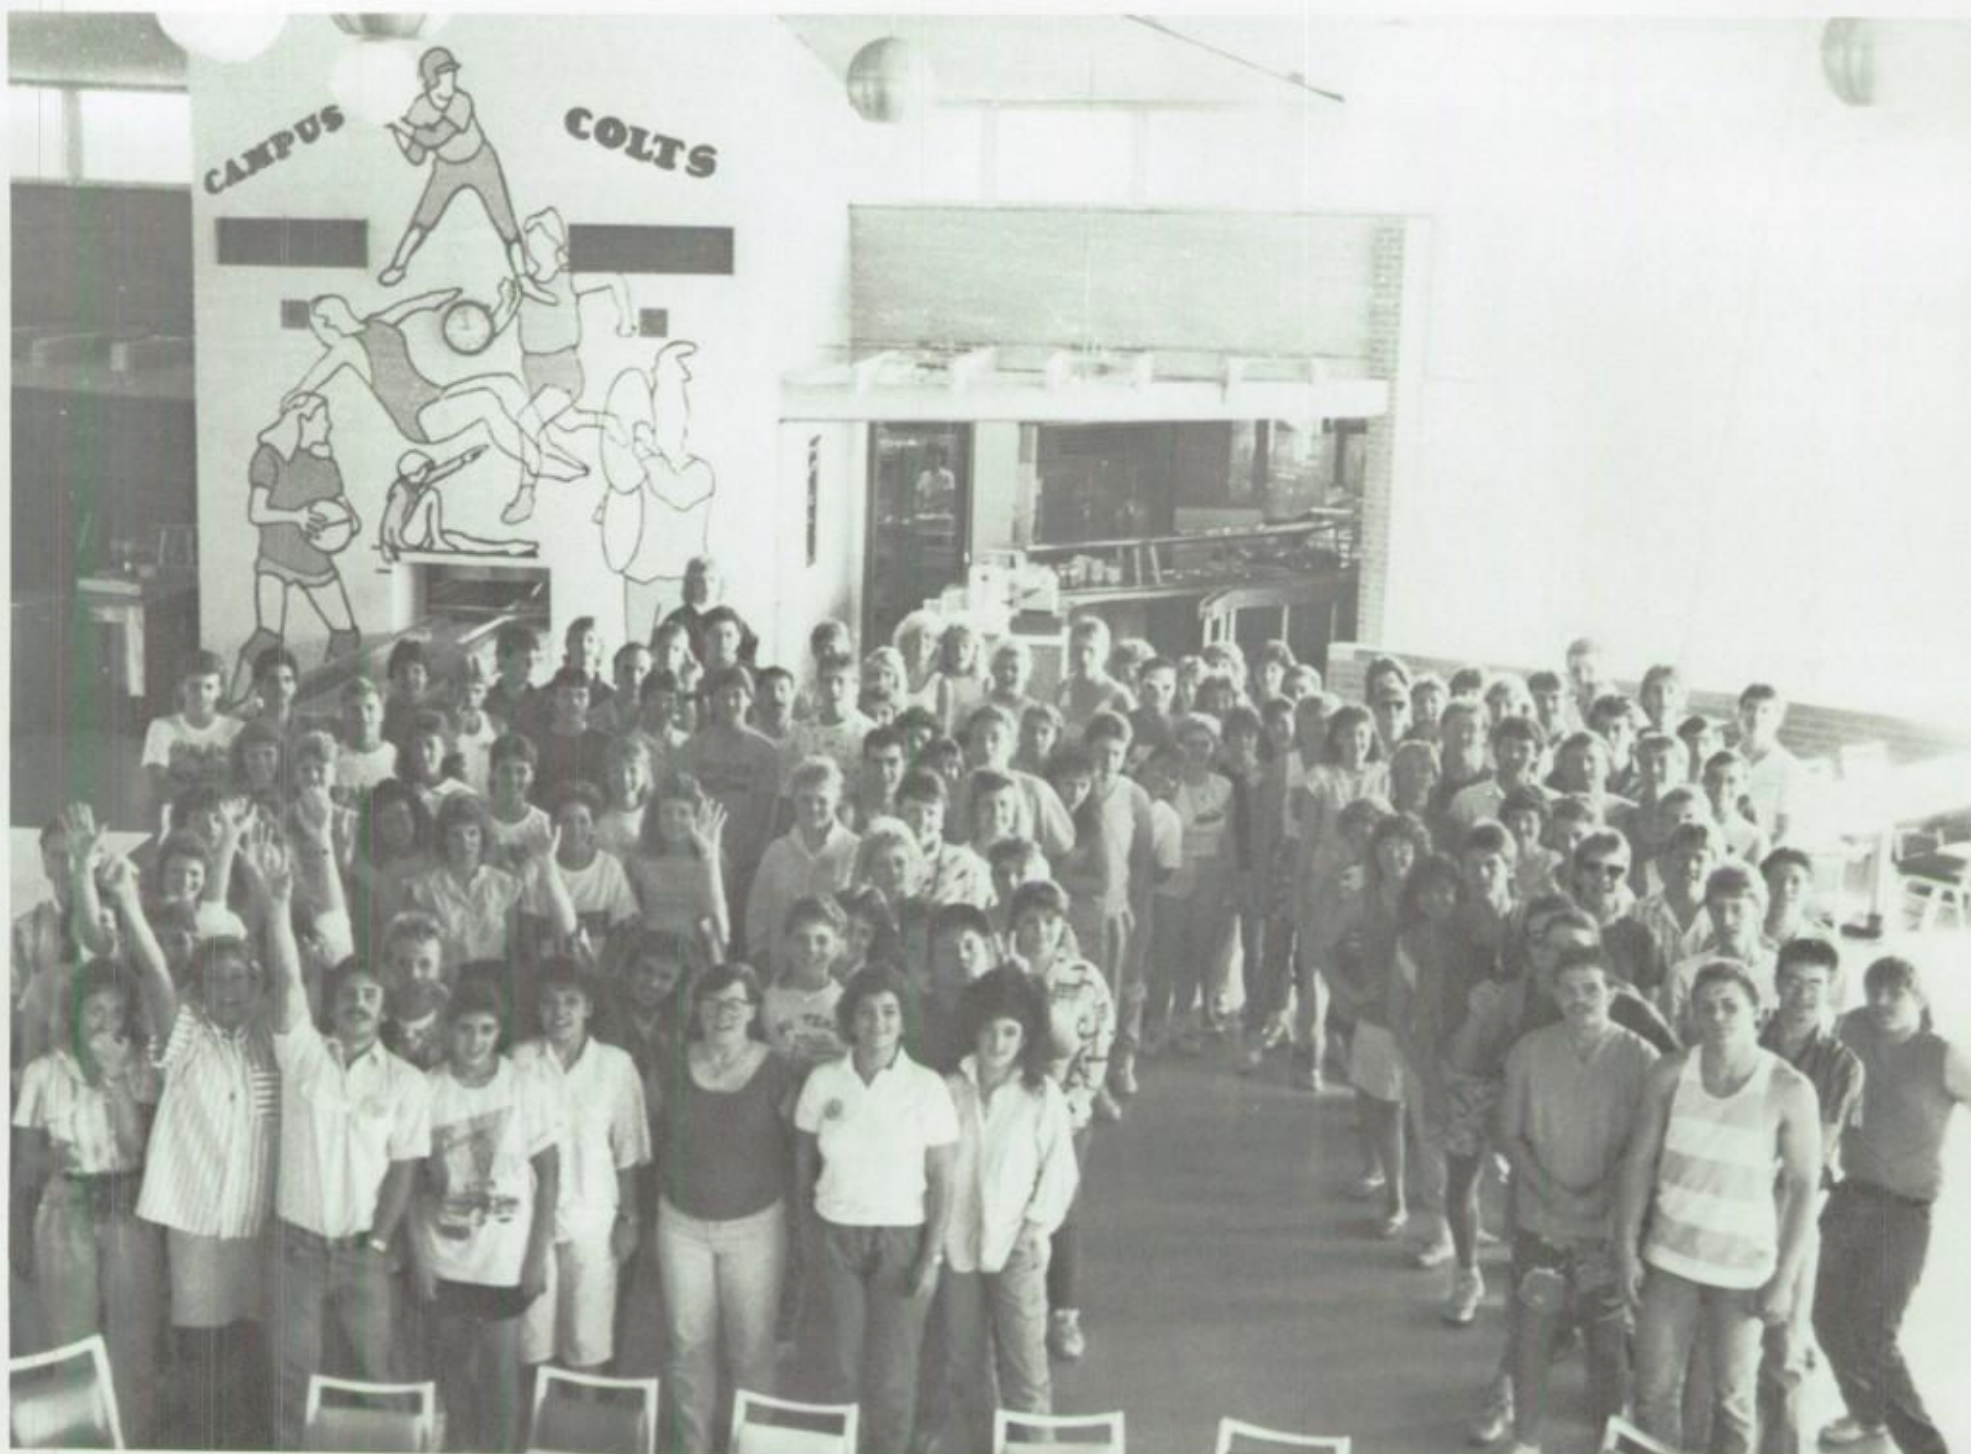

Student volunteers are an integral part of running the Special Olympics competitions. Kip Pulliam looks up from the score keeping.

They Huffed and Puffed At Powder Puff!

The Powder Puff Football game was the first annual game and dance. The entire event was organized by the student council. The teams were the Seniors/Freshmen vs. Juniors/Sophomores. It was almost like a regular night at a big home football game. The football team consisted of any girl attending the required amount of practices. The coaches consisted of some of the guys on the football team. The chain gang consisted of some of the faculty ladies and the cheerleaders consisted of one freshman and three senior boys. The game went the full four quarters each team battling it out to get the first down and then hopefully the touchdown. Although there were a few close calls, the carrier would be stripped of her flag before she could reach the goal. At the end of the game each team was allowed one down and a fieldgoal attempt to decide the winner of the game. In the end the Juniors/Sophomores were successful, winning with a 3-0 victory.

Seniors Romp At Silver Creek

The Senior Ski Trip is one trip the group of Tracey Arion, Sonya Bozone, Cindy Chebultz, Kristi Fields, Valeri Gaddy, Tara George, Todd Gilmore, Arthur Gutierrez, Jason Harris, Sean Hecker, Mariella Reavis, Shawn Reiling, Sherry Renollet, Donica Resko, Mike Riggs, Jorun Rodland, and Ted Ward will never forget. The trip had its up's and its down's. They included things from a cramped bus where no one could get much sleep to going down the slope so fast and wondering how you would get stopped. Of course we can't forget the old crash and burn. Everything from running into tree stumps to skiing into people was quite an experience. All in all the Silver Creek, Colorado trip was "A BLAST!"

Pride Is Back and On The Attack

The formal assembly was held on Wednesday, February 11 at 9:30. Here the candidates were announced and presented to the student body, while the orchestra played for them. After pictures were taken, the royal entourage' was taken to dinner at the Colonial Inn in Haysville, while the rest of the student body voted on their choice for the King and Queen that would be selected on Friday night at the Winter Homecoming game.

Back King candidates Mike Riggs, Jeff Dotson, King David Haynes, candidates Steve Rush, Arthur Gutierrez and Buddy Runa. Front Queen candidates Kristen Clarke, Tracy Arion, Queen Cindy Doffing, candidates Sherri Madzey, Tina Duprez and Cammy Schaefer.

Basketball Homecoming Lifts Mid-Winter Spirit

Queen Of Courts

The theme for this year's King and Queen of Courts was "Gold and Black is on the Attack" Spirit week was held February 9-12. The formal assembly took place on Wednesday, February 11, where the Queen and King candidates were announced. There was no school on Friday, February 13, due to Presidents holiday but the game and dance were held Friday night as scheduled. The crowning of Queen Cindy Doffing and King David Haynes took place between the girls and guys games.

The girls attacked McPherson--winning 69-43. The guys unfortunately were bitten by the Bullpups and lost 62-70. Although the outcome for Boys Varsity Homecoming game this year wasn't as great as expected, they're looking for better results next year.

Hey! Hey! We're the Juniors

Class of 1988

Look out Seniors, here comes the Big Bad Juniors, we're out to take your place, so move aside and give us some space!

This was no ordinary year and Juniors were no exception! More and more Juniors were recognized for their achievements and had been showing themselves proud.

Jeremy Wheeler and Tony Zavala were both State Wrestling finalists. Many juniors starred and participated in the production of "Lil' Abner" which received three standing ovations! And this year the class of 1988 was in charge of preparations for prom.

Juniors may have trailed the Seniors, for the class with the most school spirit, but watch out all you underclassmen because next year the Juniors will be the ruling class.

Buck Holcomb, Mike Lunsford, Mike Winter, and Eric Dulaney lead cheers at the Powder Puff Football game.

HAVE YOU MET THE LEADING LADY?

Lauremie practices in "Lil' Abner" with Jeff Huggins.

She trips the lights fantastic at Campus High and prances into ball games with mane flowing and tail swinging.

Lauremie Johnson, CHS junior, is a very busy gal with her title as one of Campus' leading drama buffs and her newly acquired title, Colt mascot. Now add this to the fact that she is the eldest of 7 children, and you can see that this spells a very hectic school and homelife.

Lauremie joined PVP (Peach Valley Players) at the end of her Sophomore year. Theater seems to be her first love and some of her acting credits include: All Because of Agatha, Not Fit to Print and

Lil' Abner.

"I love to be in drama and PVP because you can just be yourself and not worry about what other people think. People in drama are easy-going and they know when to be serious, and when to have fun," says Lauremie.

Although Lauremie doesn't think she's quite in the league of the "San Diego Chicken," as Campus' mascot, she does say that she likes the challenge of trying to raise the spirit at Campus games. Quite actually it is really just another stage for Miss Johnson, and the fans are another audience.

Take another curtain call Lauremie, you deserve it!

Seniors Bid Farewell To Friends From Afar

Ignacio (Nacho) Gutierrez: 18 years old, Murcia, Spain. Interests: Playing soccer, and listening to music.

Mads Hoffner: 16 years old, Homleback, Denmark. Interests: Playing soccer and working with computers.

Patrick Viets: 18 years old, Hamberg, Germany. Interests: Playing soccer, going out with friends, and partying.

Maria Grunden: 18 years old, Borlange, Sweden. Interests: Reading and going out with friends.

Naoki Tani: 18 years old, Tokyo, Japan. Interests: Playing soccer and baseball.

Dear Foreign Exchange Students,

Having you at Campus has left many memories that will always be cherished, and hopefully has sent fond memories home with you.

Campus High is very appreciative of the many contributions of talent and effort made to the school while you were staying in our country. To list a few of these efforts, they are: participating in such sports as soccer, track and golf. Also dabbling in the art of music, dancing and theatre provided us with a cultural enjoyment.

Although our paths may not cross again, best wishes for you and your life endeavors do go with you. Hopefully understanding you as a classmate, friend and confidant has allowed you an even larger aspect of understanding to take place. A goal of World Peace.

Good luck, fond farewell, and you will always be remembered.

Campus High School

Jorun Rodland: 18 years old, Stavanger, Norway. Interests: Singing, dancing and going out with friends.

Going to the lockers was a daily ritual for the Seniors.

Seniors Donica Resko, Jorun Rodland, Jason Harris, and Beckie Gross take a very short break.

Mike, Beckie, Wanissa and Arthur four FR-IE-ND-S! pose for the camera.

Stacey Smith as her usual self.

What A Way To End The Year

Thanks to the hardwork of Dr. Allen, parents, the community and Haysville businesses, Project Graduation became a reality. Noboby could have asked for a better time to spend with friends who had worked, played, cried and laughed with one another (for some) for the past thirteen years.

Project Graduation was the brain child of Dr. Allen. Under his direction an evening of dancing, games, eating and winning prizes was held after the graduation ceremony at Colt Stadium. Approximately 121 kids out of 160 graduates attended.

Decorations were fantastic for Project Graduation thanks to the help of many parents, students, and businesses.

Good eating up on the upper balcony is sampled by Bobby Deets, Carrie Breth, Cheri Buchkoski, Katy Leighton and DeeAnn Elmore

Stacey, Kristin and Jason glue their eyes to the screen to get the top score.

Anybody for a hand of Black Jack? Keith Lathrom, Caid Adams and Tim Emerson look on.

Volleyball was very popular at Graduation night.

Dancing to the DJ, Cheri Cottle and Cari Breth go a little bit crazy!

What muscles! Steve Rush takes a moment out of the basketball game.

Prom 1987

"Together Forever"

The long awaited exciting event of the year finally arrived! 1987 Jr. Sr. Prom was held at the Ramada Broadview at 8:00 P.M., April 25, 1987.

Campus High couples danced to the tunes of D.J. Sam Konkell, among them was the theme song "Never Say Goodbye" by Bon Jovi, and could also catch a glimpse of days gone by on the video also prepared by Konkell.

The ballroom was perfectly decorated in colors of royal blue and silver. To complete the romantic evening there was a stagecoach outside the door for a short ride in the moonlight.

Senior candidates: Mike Riggs, Jana Howard, Bobby Schremmer, Cindy Jernigan, Shannon McCready, Mitra Hashemi, Kurt Stanathan, Tara George, Arthur Gutierrez, Shawn Reiling, Paul Griswold and Laurie Palmer.

Junior candidates: Lance Ellis, Donelle Arkison, Danny Lincoln, Kristan Sturm, Lance Wilson, Stephanie Harris, Toby Mantz, Amy Clanton, Steve Ford, Cindi Zimmerman, Shane Snider and Rhonda Yantiss.

Sophomore servers: Shawn Farney, Kara Belew, Phil Tilson, Michelle Farney, Michelle Gieser, Jeanie Fridenberger, Lance Lesslie, Craig Yantiss.

Caid Adams, a star in disguise.

*King Shannon McCready
Queen Mitra Hashemi*

A ride in the stagecoach is a perfect way to complete the evening.

One last touch up before the big dance.

Sonya Bozone and Laura Marvin show off their dates just before prom begins.

A nervous candidate blows a bubble as she awaits the crowning.

Caught in a special moment, Steve Ford smiles proudly.

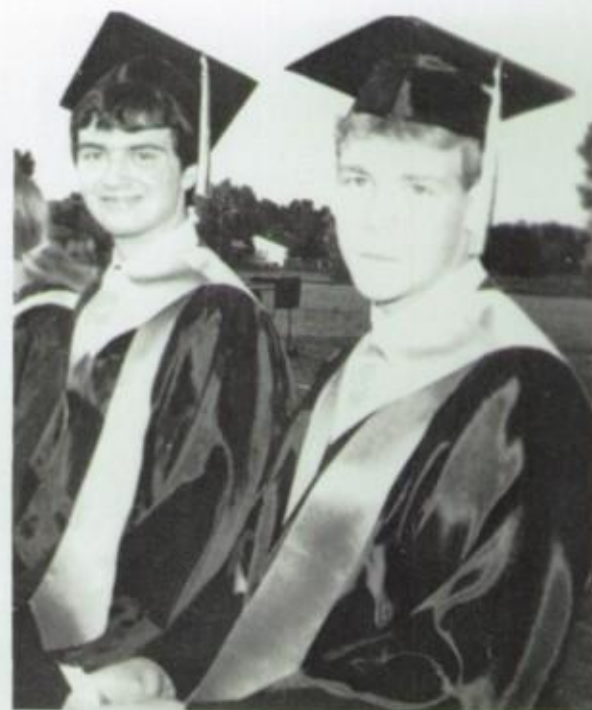

Sitting this dance out, Tracy Arion and Cindy Chebultz have fun with their dates.

1987 Seniors. . .

As the No Ordinary year comes to an end, there are many thoughts, plans, and obligations to consider. College? Work? Where will we go, what will we do? Have we really made it this far?...Just a few of the many thoughts clouding a Seniors mind at this time of year. We had a "different" year. Many changes were made, most of which were for the better. This year definitely held true to its name..."1987- No Ordinary Year..."

Bobby Schremmer (Valedictorian) and Les Tucker (Salutatorian), wait to give their speeches.

No Ordinary Class

Another burst of joy as commencement came to an end.

Rachel, Maria and Shawn stand as the French, Spanish, and National Honor Students are recognized.

Kerri McGuire and Susan Tiede await the final moment.

Kurt Stranathan joins the band for the last time.

This trophy is almost as big as its recipient, Jana Howard, who won the coveted "Most Inspirational Female Athlete Award."

Howdy cowboy! Richard Hammer sneaks by the administration with his cowboy hat instead of the regulation graduation cap.

Work One Weekend A Month And Earn \$18,000 For College.

With the New GI Bill and the Army National Guard.

If you have the mind for college, but not the money, the Army National Guard has a golden opportunity for you.

Lend us your brainpower one weekend a month and two weeks a year, and we'll give you \$18,000 or more for college.

Under the New GI Bill you'll qualify for up to \$5,000 for tuition and books. Then, you'll get another \$11,000—or more—in monthly Army Guard paychecks. Plus, a cash bonus of up to \$2,000 as soon as you finish Advanced Individual Training.

And if you have college loans, the Guard will help you pay those off, too, with up to \$1,500 extra per year.

No other service offers you so many educational benefits, and asks so little of your time.

So, if you can spare one weekend a month for your country, call your local recruiter. **SGT ROBERT SIMON**

And help yourself to a higher education. 316-529-3219

The Yearling Colophon

The Campus High's 27th volume of the YEARLING was printed by Josten's Printing and Publishing Co., Topeka, Kansas. The press run was 650 copies. The book sold to students at \$16.00 or, if later in the year, sold for \$20.00. All copy was set by John Mishler's printing class. Copy was composed by the YEARLING staff and other volunteers. The cover material is Edition-line, Soft Yellow 283 with an 87 logo Siloette 879.

The photographs were provided by the YEARLING staff. Lifetouch provided group shots and class pictures. Meyer & Williams photographed the Senior class.

The YEARLING staff is located in G-33 of Campus High School, 2100 W. 55th Street South, Wichita, Kansas, 67217.

No Ordinary Year

LIL' ABNER

1987 proved to be no ordinary year indeed.

The Administration changes brought on different policies, different attitudes, and an all-around different climate at Campus.

Out of the ordinary were the whole change in coaching staff. Also out of the ordinary was the emergence of much younger players playing varsity ball.

In the drama department, no ordinary musical was presented. Li'l Abner received more public attention, school support and widespread acclaim than in several years of productions.

And last but not least, this is no ordinary yearbook presented to the extraordinary students and faculty at Campus High.
